

SERVICE BULLETIN – 01/FEBRUARY 2010

SPN 405-605-1205 NEW OPTICAL ICE LEVEL CONTROL

Starting from the following Serial Numbers:

SPN 405 s/n 2104

SPN 605 s/n 2062

SPN 1205 s/n 1142

the former Optical Ice Level Control Part Number 650674 02 has been replaced with a new winder one (223 mm rather than 180 mm) so to have the two “eyes” at a longer distance from the vertical ice chute and avoid any possibility to have drips of water touching them.

The new winder Optical Ice Level Controls is available under Part Number 650674 06 and can be installed in place of the previous one the above listed models as well as on former SP 405, SP 605 and SP 1205 by drilling two new 2 mm holding holes on the plastic ice chute .
