

## SERVICE BULLETIN – 01/APRIL 2009

### SPN 405-605-1205 NEW WIDER PLASTIC ICE CHUTE

Starting from the following Serial Numbers:

SPN 405 s/n 2056

SPN 605 s/n 2004

SPN 1205 s/n 1140

the former plastic ice chutes has been replaced with new wider ones having an inverted funnel shape so to facilitate the sliding down of the ice as shown on the drawing.

As the new ice chute is wider in its bottom size (it moves from 92 x 66,5 mm to 112 x 81 mm) it's not exchangeable with the previous one unless of partial rework of the unit base ice chute opening that must be enlarged from 98 x 70 mm to 118 x 87 mm.

The part numbers of the new ice chutes are:

SPN 405 Code: **660933 01**

SPN 605-1205 Code: **660933 03**

The old ice chutes Part Nbrs 660573 04 & 660573 07 will remain available as spare parts as well as the Ice Chute & Spout Kit Code **060550 00**
