SERVICE BULLETIN-FEBRUARY 2003

SD 18 - SD 22 - SD 23

SD 30 - SD 40 - SD 60

NEW CURTAIN FLAP

Starting from the following serial numbers:

SD 18 s/n 003130

SD 22 s/n 204298

SD 23 s/n 772015

SD 30 s/n 269229

SD 40 s/n 365897

SD 60 s/n 458400

The previous curtain flap has been replaced with a new one, as shown at the bottom photo

The difference consists in two small projections in the bottom part of the flap to avoid that the same can stick to the front of the evaporator when ice cubes are defrosted.

The new curtain and curtain flap are perfectly exchangeable with the previous ones and are available under the same part numbers.
